

List of contributed talks at international conferences/workshops

- “Motivic Scattering Amplitudes”, [Conference on Representation Theory and Integrable Systems](#), ETH, Zürich, Switzerland, Aug 2019.

List of invited seminar talks

- “Introduction to Motivic Amplitudes”, [Research Seminar on Lie Groups and Moduli Spaces](#), Department of Mathematics, University of Geneva, Switzerland, Nov 2019.
- “Monte Carlo Simulation of PADME’s Small-Angle Calorimeter”, [PADME Weekly Meeting](#), INFN-LNF, Frascati, Italy, Dec 2017.

List of attended events

- [Master Class and Conference Amplitudes 2020](#), Zoom @ Brown University, United States, May 2020.
- [SwissMAP Winter School in Mathematical Physics](#), Les Diablerets, Switzerland, Feb 2020.
- [6th SwissMAP General Meeting](#), Villars-sur-Ollon, Switzerland, Sep 2019.
- [Conference on Representation Theory and Integrable Systems](#), ETH, Zürich, Switzerland, Aug 2019.
- [School on Modular Forms, Periods and Scattering Amplitudes](#), ETH-ITS, Zürich, Switzerland, Feb 2019.
- [Workshop on Quantum Foundations. New frontiers in testing quantum mechanics](#), INFN-LNF, Frascati, Italy, Nov 2017.
- [Workshop on Quantum Foundations. The physics of “what happens” and the measurement problem](#), INFN-LNF, Frascati, Italy, May 2017.
