## List of contributed talks at international conferences/workshops

• "Motivic Scattering Amplitudes", Conference on Representation Theory and Integrable Systems, ETH, Zürich, Switzerland, Aug 2019.

## List of invited seminar talks

- "Introduction to Motivic Amplitudes", Research Seminar on Lie Groups and Moduli Spaces, Department of Mathematics, University of Geneva, Switzerland, Nov 2019.
- "Monte Carlo Simulation of PADME's Small-Angle Calorimeter", PADME Weekly Meeting, INFN-LNF, Frascati, Italy, Dec 2017.

## List of attended events

- Master Class and Conference Amplitudes 2020, Zoom @ Brown University, United States, May 2020.
- SwissMAP Winter School in Mathematical Physics, Les Diablerets, Switzerland, Feb 2020.
- 6<sup>th</sup> SwissMAP General Meeting, Villars-sur-Ollon, Switzerland, Sep 2019.
- Conference on Representation Theory and Integrable Systems, ETH, Zürich, Switzerland, Aug 2019.
- School on Modular Forms, Periods and Scattering Amplitudes, ETH-ITS, Zürich, Switzerland, Feb 2019.
- Workshop on Quantum Foundations. New frontiers in testing quantum mechanics, INFN-LNF, Frascati, Italy, Nov 2017.
- Workshop on Quantum Foundations. The physics of "what happens" and the measurement problem, INFN-LNF, Frascati, Italy, May 2017.
