SEMINARS

2026, Nov — Mathematical Physics Seminar, **LPTHE**, France (forthcoming)
Oct — 11th Workshop on Cosmology and High-Energy Physics, **Université de Montpellier**, France

2025, Nov — Asymptotics, Geometry, and Physics Seminar, **University of Southampton**, UK
May — Random Matrix Theory Seminar, **University of Oxford**, UK
May — Mathematical Physics and Algebraic Geometry Seminar, **CMSA, Harvard University**, USA

2024, Nov — The Seed Seminar of Mathematics and Physics, **IHP**, France
May — String Theory Seminar, **Université de Genève**, Switzerland
May — Mathematics Seminar, **Yale University**, USA
Apr — String Theory Seminar, **CERN,** Switzerland
Mar — Seminar on Quantum Modularity and Resurgence, **IHES**, France

2023, Dec — Geometry and Physics Seminar, **University of Sheffield**, UK
Nov — QM Research Seminar, Centre for Quantum Mathematics, **SDU**, Denmark
Apr — Mathematics Seminar, **IHES**, France
Mar — Physical Mathematics Seminar, **Université de Genève**, Switzerland

2019, Nov — Seminar on Lie Groups and Moduli Spaces, **Université de Genève**, Switzerland

2017, Dec — PADME Weekly Seminar, **INFN – LNF**, Italy

INVITED TALKS

2027, Jan — Conference on Resurgence Theory in Mathematical Physics, **TSIMF**, Sanya, China (forthcoming)

2026, Mar — Workshop on Mathematical Structures of Amplitudes, **ESI**, Austria

2025, Oct — Mini-Workshop on Resurgence, Difference Equations, and Quantum Modularity, **MFO**, Germany
Aug — ReNewQuantum Closing Conference, **SDU**, Denmark
Apr — Conference on Higher Structures, Moduli Spaces and Integrability, **Universität Hamburg**, Germany
Mar — Workshop on The Arithmetic of Calabi-Yau Manifolds, **MITP**, Germany
Jan — Youngst@rs Physics and Number Theory, **MITP**, Germany

2024, Oct — Workshop on Holonomic Techniques for Feynman Integrals, **MPI Physics**, Germany
Sep — GAP XIX: Moduli Spaces and Higher Structures, **Sapienza Università di Roma**, Italy
May — Workshop on Resurgence and Modularity in QFT and String Theory, **GGI**, Italy
Feb — Workshop on Positive Geometry in Particle Physics and Cosmology, **MPI MiS**, Germany

2023, Jul — 29th Nordic Congress of Mathematicians with **EMS**, Aalborg, Denmark

2022, Nov — Workshop on Mathematics of Beyond All-Orders Phenomena, **University of Cambridge**, UK

2019, Aug — Conference on Representation Theory and Integrable Systems, **ETH Zürich**, Switzerland

INVITED LECTURES

2027, Jul — Lectures on Asymptotic Series and Resurgence for doctoral students (forthcoming)
Amplitudes School, Johannes Gutenberg Universität Mainz, Germany

2024, Jan — Exercise sessions on Feynman Integrals and Number Theory for doctoral students
Winter School in Mathematical Physics, SwissMAP Research Station, Switzerland

2019, Oct — Lectures on Topological Surfaces for master's students
Master Class in Mathematical Physics, Université de Genève, Switzerland

2018, Mar – May — Lectures on Riemannian Geometry for bachelor's students
Excellence Program in Physics, Sapienza Università di Roma, Italy

ORGANISED EVENTS

2026, Dec — XMath Physics Day (forthcoming)
LMO, France. Co-organised with V. Fantini

2025, Oct — Mini-Workshop on Resurgence, Difference Equations, and Quantum Modularity
MFO, Germany. Co-organised with M. Alim, V. Fantini, and L. Hollands

ATTENDED EVENTS

- AI and the future of mathematics and physics, IHP, France, October 2026
- Mathematics inspired by Physics, IHES, France, June 2026
- Networks in Physics and Geometry: Spectral, Exponential, and Beyond, LMO, France, July 2025
- Journeé Résurgence, LMO, France, May 2025
- Strings 2024, CERN, Switzerland, June 2024
- Mathematical Aspects of Scattering Amplitudes, CMSA, Harvard University, USA, May 2024
- Mini-School on Wall-Crossing Structures, Analyticity, and Resurgence, IHES, France, Jun 2023
- Workshop on Quantization and Resurgence, SwissMAP Research Station, Switzerland, Jan – Feb 2023
- ReNewQuantum Internal Workshop, SDU, Denmark, Aug 2022
- Workshop on Nonperturbative Methods in Quantum Field Theory, CERN, Switzerland, May – Jun 2022
- GeNeZiSS Mini-Conference of the Swiss String Theory Community, University of Bern, Switzerland, May 2022
- Workshop on Recent Developments in Quantum Monte Carlo, Enrico Fermi Research Centre, Italy, Oct 2021
- Snowmass Day, Zoom @ Fermilab, USA, Sep 2021
- 8th SwissMAP General Meeting, SwissMAP Research Station, Switzerland, Sep 2021
- Summer School on Topological Recursion, Otranto, Italy, Sep 2021
- Young Researchers Symposium and XX International Congress on Mathematical Physics, Zoom @ Geneva, Switzerland, Jul – Aug 2021
- Particle Physics Winter Conference - A Rainbow of Dark Sectors, Zoom @ Aspen Center for Physics, US, Mar 2021
- Women at the Intersection of Mathematics and Theoretical Physics, Zoom @ Perimeter Institute, Canada, Feb 2021
- Workshop in Mathematics and Physics, Zoom @ University of Geneva, Switzerland, Jan 2021
- SwissMAP Winter School in Mathematical Physics, Zoom @ SwissMAP Research Station, Switzerland, Jan 2021
- GeNeZiSS Mini-Conference of the Swiss String Theory Community, Zoom @ University of Bern, Switzerland, Dec 2020
- Solvay Doctoral School on Quantum Field Theory, Strings and Gravity, Zoom @ Brussels-Geneva-Amsterdam, Europe, Oct – Dec 2020
- Snowmass Community Planning Meeting, Zoom @ Fermilab, USA, Oct 2020
- 7th SwissMAP General Meeting, Zoom @ Saanenmöser, Switzerland, Sep 2020
- Master Class and Conference Amplitudes 2020, Zoom @ Brown University, USA, May 2020
- SwissMAP Winter School in Mathematical Physics, Les Diablerets, Switzerland, Feb 2020
- 6th SwissMAP General Meeting, Villars-sur-Ollon, Switzerland, Sep 2019
- Conference on Representation Theory and Integrable Systems, ETH, Switzerland, Aug 2019
- School on Modular Forms, Periods and Scattering Amplitudes, ETH, Switzerland, Feb 2019
- Workshop on Quantum Foundations. New frontiers in testing quantum mechanics, INFN-LNF, Italy, Nov 2017
- Workshop on Quantum Foundations. The physics of "what happens" and the measurement problem, INFN-LNF, Italy, May 2017
